An Autism lending library located at Region XIII serves as a valuable resource for classroom teachers, special educators, speech-language-hearing pathologists, paraprofessionals, principals, parents, and other professionals working with children with Autism, Asperger's Syndrome and related disorders. Parents and professionals working with children with low incidence disabilities and other special needs will find useful resources here as well. The library contains books, videos, DVDs, and other materials covering a wide range of information from the theoretical to the practical.
